RE: Media Concepts.

To whom it may concern.

I wish to recommend Tom Sheehy and Rory Power of Media Concepts. They have produced a "Memories" DVD for our Leaving Certificate class here in Loreto College, St. Stephen's Green for four years.

The DVD has been consistently professionally produced over the years. Tom and Rory have worked very well with the students, Parents Association and myself. Their suggestions have been very helpful and production deadlines have been met. Tom and Rory are courteous, unobtrusive when recording our Sixth Year Graduation Mass and most professional in their work.

I would recommend "Media Concepts" for any similar school project.

Mary F. McAteer
Deputy Principal.
